Mouth Care Without a Battle®
Train-the-Trainer Program

Presented by the
Foundation for Quality Care
an affiliate of NYSHFA / NYSCAL

Funded by:
The DENTAL TRADE ALLIANCE FOUNDATION

For more information visit
www.mouthcarewithoutabattle.unc.edu

Mouth Care Without a Battle® is a product of the University of North Carolina at Chapel Hill, created by Philip D. Sloane, MD, MPH; Sheryl Zimmerman, PhD; and Lauren Cohen, MA, with contributions from Ann Louise Barrick, PhD, Xi Chen, DDS, PhD, and Patricia Poole, RDH, MS, and produced by Horizon Productions, Inc.

The DTA Foundation has awarded more than $1.5 million dollars in grant funding to more than 70 different innovative projects designed to increase access to oral health care since the inception of the grant program in 2002. Past recipients have used DTA Foundation seed money for innovative programs designed to improve the access to and productivity of the oral health care system, leveraging in excess of $4.6 million in additional funding for these promising projects.

Sponsored by:

(914) 738-1144
PROGRAM OVERVIEW

The Mouth Care Without a Battle® Train-the-Trainer Program will be led by a four person, multi-disciplinary team from the group who developed Mouth Care Without a Battle®.

Components of the program include:
- A full day training workshop. Content will include rationale behind the need for improved mouth care, instruction and hands-on practice in new techniques (including role playing of challenging behaviors), instruction on formal assessment of oral health (including identification by nurses of problems requiring urgent dental referral), a starter kit of mouth care supplies and guidance on ordering additional supplies, and guidance on leadership, supervision, and practice change roll-out.
- Provision of educational materials for workshop participants to use to train others when they return to their communities.

OVERALL PROGRAM OBJECTIVES

Upon completion of this program, participants will:
- Understand the role of mouth care in preventing pneumonia and improving quality of life
- Demonstrate proficiency in providing evidence-based mouth care
- Understand how to provide person-centered mouth care tailored to each individual
- Be familiar and comfortable with techniques for addressing behavioral challenges
- Be confident in training and supporting others to provide quality mouth care
